

BENELUX
surgical

THE COMPANY

Benelux Surgical is a company working for approximately 15 years in manufacturing of specialized laryngoscopes. The company works with local and international customers in trading and has a good reputation based on the quality of work and procedures defined in all manufacturing. Company owns its own manufacturing units in which approximately 70_80 employees are working and performing very well. Company owns seven production engineers having their own team of development and manufacturing laryngoscope blades categories including

- Mac conv/interchangeable f.o/ fix tube f.o.MegaRay
- Miller conv/interchangeable f.o/fix tube
- Flexi tip mac conv/interchangeable/fix tube/megaray
- Disposable.mac.mill silver & plastic heel

MANUFACTURING CAPACITY

Company has a capacity of manufacturing 45000 single use blades of any kind related to laryngoscope and can manufacture 15000 reusable blades as per the demand of the customer.

MINIMUM ORDER PLACEMENT REQUIREMENTS

Company can facilitate the customers for any sample required on demand in case of availability of courier/cargo facility from customer side free of cost. The minimum order quantity that company can arrange items is 3000. However, there are some special cases in which company can place orders even less than the minimum specified quantity.

QUALITY PRODUCT

The company's main objective is to provide quality product to its customers. In this regard, company adheres with the quality procedures defined by the quality professionals available in our quality manual. We have a small research and development unit in our company where we make possible amendments as per the customer's requirements like blade size, shape etc...

CERTIFICATIONS

The company is manufacturing its items using standard quality systems such as CE Mark, ISO 9001 and 13485 respectively. The employability of these standards tends to enhance the image of the company goods in national and international market.

DELIVERY PLANS

Company delivery plans are totally dependent upon the customer's requirements but at the same time, company always liked to provide information of customers' orders tracking. In this regard, company provides bi-weekly order processing and tracking detail to customer as per customer's demand. Company adheres with the delivery plans no matter whatever are the circumstances and company keeps the customer notifying about their order details.

PAYMENT PLANS

Benelux surgical provides facility to customers to pay only 50% advance payment of their total order. The rest of the payment can be paid after the shipment delivery. Payment mode can be any depending upon the customer's choice like western union, direct bank account payment to the company account or any other secure method that is required by the customer.

PRODUCT DETAILS

Benelux Surgical is specialized in production of laryngoscope. Apart from it ,The Company Can also deal with quality production of variety of surgical and dental instruments. Sufficient information in terms of production detail is available in our catalog.

LOCATION

The manufacturing facility of the company is situated in World's largest Medical instruments producing city "SIALKOT". Sialkot is an industrial city of Pakistan, known globally for its skilled workmanship. The hand-made instruments produced in Sialkot are perceived to be of highest quality in the world.

The history of adroitness and dexterity starts from more than 100 years back. With the passage of time, Sialkot is now using modern facilities blended with indigenous craftsmanship.

Benelux surgical is at advantage being situated at Sialkot. We utilize all the human skills and God-gifted craftsmanship of the area.

HUMAN RESOURCE DEVELOPMENT

Benelux surgical believes that our people are our most valuable asset. Entire organization is provided professional support to ensure that business goals are realized through the craftsmanship of the people whose own personal aspirations are also met.

We try to ensure that highly motivated and professionally competent people are available within the organization. By adopting progressive personnel policies and providing competitive emoluments and perquisites, we try to maintain company's position as a preferred employer in the job market.

Training and Development of workers is considered to be a core value at Benelux surgical. This is an essential responsibility of every Manager. The Company has designated competent professionals who remains assessing the training needs.

Benelux surgical people are vital to the profitability of the Company and who directly contribute to the success of the organization. Benelux surgical Human Resource Program strives to ensure that a professional and caring environment continues to be fostered so that the creative energies of staff are fully utilized, while developing their potential.

EQUAL OPPORTUNITY EMPLOYER

Benelux surgical is equal opportunity employer and does not discriminate on the basis of religion, sect, race, sex or ethnicity. All recruitment is made strictly on merit that is determined on the basis of capability and capacity to perform tasks required by a particular job. Therefore the company has recruited diverse workforce and by successfully managing the diversity, the company enjoys positive synergy. Besides recruitment, Benelux surgical provides equal opportunities of growth and advancement in the company.

WORK PLACE PRACTICES

The company provides congenial work environment to its employees. The company maintain employee-friendly atmosphere. Self respect and self esteem of the employees is looked after.

Management of the company always encourages feedback and suggestions from all departments and at each level. Constructive suggestions are welcomed and appreciated. The company believes that free interaction and direct communication will help management to understand production and personnel problems in a better way.

The company complies with the rules and regulations promulgated by the government in respect of working hours, holidays, lunch break, compensation and social benefits. If labour is assigned work in excess of normal working hours, they are rewarded with justified over time as per the provisions of the law.

The company contributes to Old AGE Benefit Intuition for its labour to provide them social security in old age.

COMPLIANCE WITH LAW

The company fully comply all legal requirements and its compliance is verified by Statutory Auditors.

SOCIAL COMPLIANCE PROGRAMME

CHILD LABOUR ELIMINATION PROGRAMME

Benelux surgical strongly realize that Child labour is a social menace. It has been confronting states and societies in under-developed and developing parts of the world. Being, responsible corporate citizen, Benelux surgical believes, this social evil must be discouraged and eliminated from the society. Benelux surgical has been fighting against this social evil since its creation.
